Cloud accounting and data driven commercial advice

Cloud accounting and finance for business owners looking to work smarter, faster, make more informed decisions and improve the bottom line.

Our tailored accounting packages have been designed to help businesses manage their accounts, stay in control of the finances and to confidently plan ahead.

Martin Aitken & Co's qualified team of accountants, tax and business advisers will get you set up on the cloud, trained and equipped with the know-how quickly so you can get on with running and growing the business.

The simpler way to record, account, comply and plan for a fixed monthly fee.

Essentials Package

From
£175 pm

Growth Package

From
£325 pm

Premier Package

From
£500 pm

Everything you will need to comply with your statutory obligations. Year-end accounting, business & personal taxes, VAT, PAYE and a dedicated accountant & tax adviser. We'll also give you an annual business performance assessment and wealth management review (Martin Aitken Financial Services Ltd).

Suitable for:
start-ups, micro &
small businesses.

For business owners requiring advice beyond compliance. In addition to the Essentials package, we'll provide you with regular business reporting, budgeting and progress reviews, as well as the nextgen forecasting tool Gearshift which plugs straight into the cloud accounting software.

Suitable for:
limited companies,
partnerships and charities.

Aimed at larger businesses requiring the advice and soundings of a Virtual FD. We'll meet with you on a regular basis, provide monthly management reports, quarterly forecasts (using Gearshift) and we'll conduct annual reviews of your financial systems and cashflow to ensure best performance is being achieved.

Suitable for:
Larger business (and those
targeting significant expansion).

Sole trader, contractor and freelancer packages available from £50 pm

Tailor your package by adding on time saving business apps and Virtual Finance Director services.

Have you ever wondered what separates a highly productive and profitable business from the pack? A good, well-informed and connected FD.

Customise your cloud accounting package by choosing from our range of Virtual Finance Director (VFD) add-on services. You can add and remove VFD services from your

accounting package as you require them.

We also recommend a range of apps that will help to make running the business day-to-day easier. From managing expenses and creating customer marketing campaigns to forecasting cashflow and managing workflows. The apps integrate seamlessly with our cloud packages.
